

# SCREW BLENDER

High-Speed, Uniform Mixing, and  
Energy-Efficient

# High-Speed, Uniform Mixing, and Energy-Efficient Blender!

Our blender achieves uniform mixing in just 2-3 minutes for pellet-based materials and 4-5 minutes for powder-based materials, significantly reducing mixing time. It offers automatic operation, ensuring superior safety and ease of use, with an inverter control for easy adjustment of rotation speed. Energy-efficient and heat-free, it is an economical and eco-friendly choice.

## Versatile Screw Blender for Chemical to Recycling Applications!

Our screw blender is ideal for the chemical, food manufacturing, pharmaceutical, construction, and recycling industries. Its high-speed mixing, compact design, and automatic operation support efficient and uniform product production.
